A DEMONSTRATION OF DIGITAL RADIOGRAPHY Technique For The Bitewing Exposure (BWX) And Periapical (PA) X-Ray With Digital Sensor

Synopsis

Are you enterprise ready? Acquire confidence in advanced image acquisition with A DEMONSTRATION OF DIGITAL RADIOGRAPHY, subtitled THE BITEWING (TM)(R) A USERS MANUAL by Claire H Rossi and Hazel O Torres. Priced at $6.95, the First Edition July 2006 is for digital dental x-ray educational information. This publication also features XDR with an easy-to-use, uniquely clinical interface, XDR bridges with all major practice management systems, digital devices, and is truly enterprise ready. GOAL: This Publication enables the dental clinician to acquire confidence in efficient image acquisition with a smooth and easy transition to advanced digital technology. Objective: Timely information will be provided as this publication details improved procedures and new discoveries in dental radiology in order to capture images for diagnostic digital radiography in real time. Synopsis of title: THE BITEWING (TM)(R) outlines A DEMONSTRATION OF DIGITAL RADIOGRAPHY Technique for the Bitewing Exposure (BWX) and Periapical (PA) X-Ray with Digital Sensor By Claire H. Rossi and Hazel O. Torres, First Edition July 2006. Currently, little information exists about digital radiography technique for dentistry. It is the aim of this publication to provide basic information that will allow the dental clinician to be better prepared for the transition to this powerful new digital radiography technique. Topics discussed include: digital sensor equipment, digital sensor parallel placement technique, and an overview of computer software. The format of the publication is a step by step illustrative technique. This publication details all common dental situations and the location of image acquisition. The purpose of this protocol is to help qualified licensed participants to gain professional knowledge with the intention to set-up and capture the digital radiographic image in your dental practice, or to include in the curriculum of dental school training. Subtitled THE BITEWING (TM)(R), A Users Manual.
