Customer Reviews

This book was different. I'm planning on making almost everything in it. Plus, it's all convenient items that you probably have in your pantry or fridge anyway. I love my air fryer and use it almost every day. This book was a great addition to the cookbook that came with the air fryer. Plus, it was inexpensive. Awesome cookbook.

With the Air fryer utensil, you can prepare variety of tasty dishes like cakes and quiches and cook fragile food in a more convenient way. Air fryer doesn't require much oil to cook your food because the ingredients are heated from all sides at once, making it safe for individual with certain health condition that is being triggered by oil excess. If you have an air fryer at home, you may try this awesome cookbook.

This book has a lot of tasty recipes with easy to follow instructions. The Complete Air Fryer Cookbook is a must read before you purchase your air fryer. It helped me figure out what my expectations were and what I wanted to do with my air fryer to help me chose the right air fryer for me. It is more of a simple everyday type cookbook. I do like the entire book.

I am a home maker but still a busy one. I love the ease of the air fryer and that I get to enjoy my favourite greasy food in a healthier way. ThereÃfÂÃ â ¬Ã â„s a lot of different recipes for traditional fried goodies but more adventurous ones too like fried pickles! I also like how they included prep time so I can plan when to start cooking and stuff. Some books only have the cook time but for people like me who has to do laundry, take care of the kids, clean, and work on my own stuff, the prep time is vital.

This is great. I was struggling with my airfryer before I got this book. I love the fruit infused water recipes in the back. A bonus!

LOTS OF EASY RECIPES AND HOW TO FIX THEM UP FOR THE BEGINNER AIR FRYER USER

LIKE ME...SO FAR I HAVE LOVED EACH ONE I MADE

This is such a good book to have! You will learn of delicious and easy to prepare air fryer recipes. Kelly did a great job on creating a very well detailed cookbook like this and I commend him for that. I had fun with this recipe book, I can't even believe that some of the recipes listed can be done with this tool that I have. I've just become a bit obsessed preparing all these good food found in this book. Great find.

I love it. I do have to watch how long to cook different foods in it but it saves me calories.
