Perfect as described. Bang for your buck! Would recommend and use again.

Required for my PCT Class, excellent as a additional study guide. Every little bit helps and this was a big help.

This book has allowed me to gain more knowledge that will enable me to be a tech. I have no issues with the book. The chapters are easy to understand and I like the summarys at the end of each chapter.

Got it for my sister. It was worth the price.
