Synopsis

The future of two worlds lies in the hands of four teenagers. Thomas Hunter, supreme commander of the Forest Guard, has seen a great evil decimate much of his beautiful world. With a dwindling army and an epic threat, Thomas is forced to supplement his army with new young recruits. From thousands, four will be chosen to lead a special mission. But these four have been assigned a higher task that even Thomas doesn't know about. They must find the seven lost Books of History before the Dark One does. These seven books have immense power over the past, present, and future, controlling not only the destiny of their world . . . but that of ours as well. The first four novels of the best-selling Lost Books series are now in a single volume.

Ted Dekker is the New York Times best-selling author of more than 25 novels. He is known for stories that combine adrenaline-laced plots with incredible confrontations between good and evil. He lives in Texas with his wife and children. Twitter @TedDekker, facebook.com/#!/teddekker --This text refers to an out of print or unavailable edition of this title.

This series of books was quick reading; in fact I found them very hard to stop reading and go to bed!!! Although these books are indicated for YA, I would recommend them for all ages. There was quite a lot of action, time travel and humor. There were some "romantic" parts, but this was written

by a Christian author, so those excerpts were cleanly written and appropriate for all ages. The characters, Johnis, Silvie, Darsal and Billos, were all endearing, lovable, frustrating and sometimes I wanted to smack one or all of them upside their heads!!!! I also liked one of the very few adult characters, Thomas Hunter, who, although he did not fully agree with some of the decisions made or actions taken, seemed to respect and understand why these decisions were made (although sometimes he seemed as frustrated as I was and also wanted to smack them upside their heads....did I mention that I am a mother of four grown daughters who definitely needed some smacking????). I am now on to the next set of stories and hope that, contrary to a number of reviews, they are just as entertaining as the first four were.

These books are great. I have read some already. 4 books in one for a decent price.

After reading the first two books, I had the next two memorized. The youth keep making the same mistakes over and over again. I guess 'follow your heart' means do really stupid stuff and expect great results. I know these are fantasy books, but really, the characters actions rarely change from person to person. I am glad I purchased Kindle books on sale and did not pay full price for them! They are easy to read and enjoyable, but not great literature.

I really liked this series - it's a fun, fast read and will keep you on the edge of your seat at times. A bit predictable in places, but it's a good book to snuggle up to on a cold winter's night.

I didn't read this before the Circle Books- but it doesn't matter- Gave me a lot of background and more info on the story he so well has put into my head. Once again Ted Dekker- your message of Love and Elyon is wonderful!

Enjoked reading them very much. Immediately had to get the last two.

This was a wonderful series which kept my attention through all the books.

Seemed like a fairly original story. I'm starting the fifth book and can't wait to see what happens next. Great story so far.
