Book by Hansen, Dennis R., Hansen, Dennis

My son used this a lot in planning short hikes with mom and longer hikes for himself. I liked how it broke it down into levels of difficulty. We only used the UP information, but found it helpful. I would make this purchase again.

This book has some of the best trails in Michigan and directions to all of them. It lets you know the level of difficulty for each one. I recommend this book for anyone interested in exploring the great outdoors.

All you need is this book to find the perfect trails for you anywhere in Michigan. I recommend this to anyone who bikes, hikes, skis or enjoys nature. What a great gift!

Hansen's book is a staple in any adventurer's library whether you ski, hike or bike. He's to the point. With so many trails to cover in both peninsulas it's tough to stay current. He should update it yearly.

This is an excellent book for anyone who lives in Michigan. We've used it for hiking and cross

country skiing, and it provides excellent accurate information.
