Synopsis

Learn French Are you looking for the best way to learn French? Well, look no further. This audiobook is, simply put, the best on the market for learning French. Why do I say that? Because this audiobook does what language audiobooks should do - teaches you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If audiobooks don't do that, then they make the critical mistake of going into far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this audiobook does do, and does very well in fact, is set you up with the knowledge that you want and need of French in a very short time frame - so that you can blast through this audiobook and already feel like you're set up for success. This audiobook isn't a reference, nor is it a crash course on the French language; it's both. You'll listen through this audiobook and understand. Then you'll apply what you've learned (and inevitably look back at this audiobook down the line to rehash your memory), and you'll grow even more as a French speaker. Don't waste your time and money on a subpar French audiobook. Go with the best from the get-go.

French is a Romance language of the Indo-European family. It descended from the Vulgar Latin of the Roman Empire, as did all Romance languages. French was widely used as a diplomatic language from the 17th century until the middle of the 20th century, when English replaced it in that role. It is still used in many international organizations, such as NATO, the UN, EU institutions, and the World Trade Organization. This book has written in easy to understand manner. I found it as very

simple guide. Good for me as a beginner to this language. This book really inspired me to learn this language more.

If you are interested to learn english but don't have that much time to maintain a regular french language class This was a great book for that. It's easy to follow along and the short stories were real life scenarios that I can relate to. This was a great way to read stories and learn at the same time. It takes some studying and real thinking about the use of words and the order difference from English. I have the Kindle version, but I would suggest getting the paper copy so you can make copies and easily keep tabs on certain vocab you may forget.

The following chapters in this book will discuss the best way for me in learning a brand new language the way I like it. This whole book is based from real experiences in studying languages. Well, the tips and techniques are pretty easy but still I can't learn it in just a day for I need more time to read this book again.

This is an easy way to learn French in no time! I find it very useful especially if you aren't very familiar with French language yet. It also explained how is the right pronunciation and intonation of each words. Good language book! Hope the publisher will make more language books like this one!

This book was a great way to be able to learn while enjoying the different stories. I was surprised at how much I understood after so many years, and how many other words I learned by reading the stories. Even the right pronunciation was clearly explained. Great translation book for beginners!

French is always holding my attention to learn it and understand it and in the past all i have read about french language is short and only for the tour time but this one is for serious learner of french language. Consisting not only the grammar but also provided different short stories in French and English that help's me to understand the use of this language in a effective way. Recommended.

This book is excellent! The book contains how to rote memorization service to reinforce grammars and explore your vocabulary and understand various languages. It's a very sure piece revealing the very best guiding tools for an efficient Spanish learning. Perfect book with a decent summary of information. It will teach hundreds of new words with meaning. It teaches language in a very easy manner.

For learn any language it is obligatory to pay concentrate on expressions and vocabulary words so the author has done this work. I am happy with this buy! I have some foundation with the French language yet regardless I need to enhance it. The book has been truly useful. I could rehearse my tongue and it helped me recall some French words that I already forgot. I also learned new ones! suggested
