Bogota Desde El Aire

Synopsis

Majestic at 2,600 meters above sea level, Bogotá presents its best face from the air. From north to south and east to west, these views are a worthy homage to a city that over the past 40 years has been transformed into an urban and cosmopolitan center. The traditional barrios, parks, and historical and cultural centers are particularly spectacular when seen from these perspectives that early settlers could have never imagined. Majestuosa a sus 2.600 metros sobre el nivel del mar, Bogotá muestra su mejor cara desde el aire. De norte a sur y de oeste a este, esta fotografía es un homenaje a una ciudad que a lo largo de los últimos 40 años ha estado constantemente creciendo, mejorando, y extendiendo. Barrios tradicionales, parques, centros históricos y culturales engalanan a Bogotá en todo su esplendor desde una perspectiva que sus primeros pobladores nunca pudieron imaginar.
