## Synopsis

Circles of life: Original artwork numbered for coloring provides creative relaxation. Sehnaz Bac, renowned for the stunning palettes of her whimsical painted rock designs. Flowers and Mandalas offers a wide variety of floral and circular pieces, all numbered for vibrant coloring in markers, colored pencils, crayons, or paints, along with coloring instructions (with a color key) and four bonus full-color prints. Simply color in each numbered space with the corresponding color in the color key, or explore your unique creative path and fill the spaces with your own palette. Relax, unwind, and be creative as you color in these lovely pieces of art. Once you've enjoyed these designs, you'll want to try Sehnaz's two other Brilliantly Vivid Color-by-Number books: Birds and Butterflies, which feature her popular and iconic songbirds and owls, delicate butterflies and dragonflies, and other beautiful motifs; and Animal Friends, which include her endearing cats, bunnies, and elephants, along with many other marvelous creatures that frolic on land and under the sea.

Artist F. Sehnaz Bac is celebrated for her radiantly colorful and charming painted stones, which she sells on Etsy as I Sassi Dell'Adriatico (The Adriatic Stones). She is also the artist for two other Brilliantly Vivid Color-by-Number books: Animal

Friends and Flowers and Mandalas. Sehnaz has more than 550,000 Facebook followers. She lives in Alba Adriatica, Italy, a small town on the Adriatic Sea.

What a lovely, deluxe book. The numbers are muted so they won't detract from the design. The book's cover and binding is some sort of slightly slippery paperback, nicer than a regular paperback. The cover folds out so you can see what the designs will look like when done (actually, I have different taste so I might just make up my own colors LOL), and the four bonus prints are already professionally colored frameable pieces, not blank prints for you to color yourself. The paper is super nice, and it has pastel colors on the back to enhance it. This would make an EXCELLENT gift, but I'm going to keep this one for myself!!! Excuse me now while I subscribe to this talented author. I bought all three of her coloring books and like each one!

I didn't expect to like this coloring book, it was "something different" to add to my collection. Much to my surprise I really like this coloring book. The pages are wonderfully thick, perforated and one sided. The drawings are beautiful and when completed they are a glorious riot of color. Yes, some of the numbers show through. The first page that I colored, I dug through all of my pens and pencils for an exact match to the color key. I've found that "almost" the same color or a totally different color still results in a lovely picture. For those times I don't feel like picking a color scheme this is perfect. And relaxing. I would love to see a book by this author with "plain" drawings (no numbers).

Have enjoyed this book. Have used several different brands of colors for matching the color chart given.

I love the artist's work and have followed her on Facebook. I was very glad to get a coloring book to get my creative juices flowing. It has been a good teaching tool for me as it gave me suggestions on what colors to use. Now I'm branching out to use my own color choices. There is one small complaint. With colored pencils the numbers can still be seen through on the lighter colors. Maybe this is not true for other media. Thanks so much! I love it!

nice not to have to think about colors when i want to be mindless.. book is very well constructed

Beautiful bright pictures, paper is heavy and is easy to use with different mediums. Really felt there weren't many pictures in the book for price paid though.

Great fun!
