Love this book! I saw it in a bookstore for \$10 more than I found it for here. I'll be using it in my classroom along with the other one, "The Smartest Things Ever Said." After skimming through the book, I'm impressed with the variety and quality of the included quotes. I know it's going to help me

to generate more positivity and to work on Growth Mindset, rather than fixed and rigid self-concepts for my students.

A great gift.
