Purchased for a elementary male teacher who is a golfer. Imaginative adaptation of original text with many golf terms incorporated. I was pleasantly surprised by the quality of the illustrations. I can think of other adult golfers and picture book lovers who would be tickled by this book. Fast delivery.

The text and illustrations are great. However the three pages in the back of the book /selling other books cheapens it. I bought it as a present but am now not sure I can give it. Disappointed.

Golfing husband liked this a lot.

The illustrations are beautiful and show Santa with a great swing. You may first think it's just for kids but there's so much golf lingo in it that even seasoned pros might learn a thing or two. Fun, clever, and a great way to have some golf fun in the middle of winter.
