Whitewater Rafting – An Overview

Synopsis

The ebook "Whitewater Rafting - An Overview" is exactly what you need if you want to start white water rafting. Whether you want to go on your own, or with family and friends, you'll learn how to get started and what it takes to master the skills of this extreme sport. Whitewater rafting is exciting and thrilling, and at the same time lets you see some amazing scenery that you wouldn't be able to see any other way. This book will show you the basics of whitewater rafting including the equipment required so that you have the confidence you need to get into that raft for the very first time.

Customer Reviews

If I had the option I'd give it no stars. This isn't a book it's a lackluster outline, with typos and little in the way of real content or instruction. This "book" could be read in a ten minute sitting, leaving you with the feeling that you just read an introduction chapter of a real book. Waste of time and money. I want my money back.
