Turtle (Shake & Play Bath Books)

Synopsis

Bath time is play time for baby with this brightly illustrated floating vinyl book. The book is named for the Turtle that appears on the front and back covers, but when toddlers open this book they'll see six more colorful creatures on inside pages—every little water-dwelling animal labeled with its name. Turtle's companions are a starfish, seahorse, angel fish, and three others. And when Baby picks up this book and give it a shake, he'll hear a cheerful rattle. This is one of four titles that Barron's offers in the Shake & Play Bath Book series: Duck, Fish, Turtle, and Whale. Each book comes in a clear vinyl package.

Book Information

Series: Shake & Play Bath Books

Bath Book: 8 pages

Publisher: Barron's Educational Series; Nov Bath edition (February 1, 2013)

Language: English

ISBN-10: 1438073410

Best Sellers Rank: #83,239 in Books (See Top 100 in Books) #34 in Books > Children's Books > Animals > Turtles

Age Range: 1 - 3 years

Grade Level: Preschool and up

Customer Reviews

Very cute, holds up to a strong toddler and he enjoys it at bath time. We don't read in the bath but he looks at the pictures, dunks it and plays with it. I've put this in the dish washer to clean it holds up fine. One thing I learnt the hard way is don't give them books in the bath when they're too young. They don't recognize the difference between bath books and regular books. LO sent a few our regular books for a 'bath' because he didn't understand why some books could come with you to the shower and the others can't.

Great book for the tub! However after i got done washing the baby and looked to take the book away to start getting him out of the tub i noticed his face and arms all red and scratched. The plastic

on the corners of the book are sharp! Nothing major as far as cuts, but the poor baby well he didnt look happy.

I saw some negative reviews about the dye or paint coming off. I have had this for over a month now and that has NEVER happened. My 8 month old chews and sucks and drools all over it . It goes in the pool and bath and looks the same today as the day I bought it. She absolutely LOVED this book. The colors are so vibrant and they scream LOL AT ME !!!

Okay, this is certainly not the most complex of books, but we love it just for that reason. Our son is now 16-months old and we have had this (and the Duck Shake & Play book) in the tub with him for the past couple months. We like that there are no words, just pictures, and that we can do simple questions and simple commands with the book (e.g. Where is the turtle?). The price and right and I say the more books in the house, the better! Even in the bath!

These little bath play books are adorable, our grandson loves them, fast service, many thanks, highly recommend.

Great soft book for teething child, I love that they clean easy and can hook to stroller. I would buy more because of the opening to hang to car seat or stroller.

Cute entry in the collection of vinyl bath time books.

"Great book for babies to play with, can easily be held or chewed as my grandson does!
