## Customer Reviews

What can I say about Debussy that hasn't already been said? Check these pieces out on Youtube if you haven't ever heard them, and then learn a few to enhance and bring peace to your life. Contains our favorites by him.

The print is great - lots of space. The selections are nice with 2 Arabesques, some children's works and Preludes.

I received a Mozart piano book and no Debussy at all. Pretty pretty lame. I was left very dissatisfied.

This book is great. Everything is based on the Durand editions which are generally the best for Debussy. The selection of works is great for the intermediate to advanced piano student and everything is printed on nice high quality paper. I have a few other Debussy books, but this is the

one I find myself grabbing most often when I just want to play something nice for some guests.

Great!
