This is an excellent book for beginning pastry people. The only down side is that there are few instructive pictures. However, if you want to learn to make puff pastry-the real kind-which is amazing-not store bought. This is the book for you. It also has excellent detailed instructions on how to make pie crusts and strudels. The author is very enthusiastic. He also wrote a famous book on breads. This should be one of the go-to books in your kitchen if you like to make outstanding deserts which will impress you and your family and friends.

Best pie crust recipe! Love this book.

Fantastic book on the subject by a great author that explains the why, what and how of excellent pastry making. Good delivery.

Very happy with the item

I am a big fan of Bernard Clayton's cookery. I have his bread collections book and now his pastry book. I found his recipes to be very clear and well adapted for use with American ingredients. You won't find another bread and pastry cook / writer like him. Enjoy!

I have used this book for years - it is my go to for excellent pie crust and pies - bought it as a gift for my sister.

EXTENSIVE instructions and recipes. Very detailed and useful, not overly complex recipes, but full of useful details.

This book is a must have if you're looking for different danish recipes and pastry ideas. This book was on time and with no damage.
