Unleash Your Psychic Powers

Synopsis

A comprehensive 400 page guidebook *Unleash Your Psychic Powers* is an entertaining, enlightening and educational resource for all levels of practitioners in the psychic, magickal and paranormal arts. It includes easy-to-follow, step-by-step instructions on how you can develop and enhance the full potential of dynamic psychic, magickal and paranormal powers in your own life. Whether you are a novice or an adept you will find valuable insight and guidance, based upon Embrosewyn's six decades of experience discovering and developing psychic and paranormal talents and unleashing the power of the magickal arts. Twenty psychic and paranormal abilities are explored including well known abilities such as Clairvoyance, Telekinesis, Telepathy, Lucid Dreaming, Precognition, Astral Projection and Faith Healing, plus, more obscure talents such as Channeling, Dowsing, and Automatic Handwriting. In addition to helping you develop and master the psychic abilities that call to you, each of the twenty powers described are spiced with fascinating personal stories from the lives of Embrosewyn and others, to help you understand some of the real world consequences and benefits of using these formidable magickal and psychic talents. Paranormal abilities have saved Embrosewyn's life and the lives of his family members on multiple occasions. Learning to fully develop your own psychic and paranormal abilities may come in just as handy one day. For anyone that is an active spirit medium, or uses any psychic abilities involving other-worldly beings, such as divination, channeling, or ghost hunting, the chapter on Psychic Self-defense is an extensive must read, covering low, medium and high risk threats, including everything from negative vortexes, to entities, energy vampires, ghosts, aliens and demons. Exorcism, and how to protect both people and property from unseen forces is also completely explained. Filled with pictures and vivid descriptions of how you can bring forth and develop your own transcendental supernatural gifts, *Unleash Your Psychic Powers* should be in the library of every serious student of the psychic, magickal, paranormal and supernatural. Everyone has psychic and paranormal abilities. It is your birthright! You were born with them! Within this book you'll learn how to unlock and unleash your astounding supernatural potential and the amazing things you can do with your powers once they are free!

Customer Reviews

Unleash Your Psychic Power by Embrosewyn Tazkuvel - a welcome relief. I was a little skeptical about the validity of the contents of this book . . . UNTIL I read it. Being a paranormal researcher myself, and up-to-date on psychic phenomena, the ins and outs, the dos and don'ts, and all the scams in-between, I was ready for a none too favorable review. How nice to be disappointed! What impressed me most [other than Tazkuvel's obvious knowledge on the subject] was his levelheaded approach to delving into the psychic world by novices. His "Err on the side of caution" approach really got my attention, and admiration. Sound advice backed up with a levelheaded approach into the supernatural realm, which as he points out time and time again, isn't so much supernatural as it is "normal" - and once you learn the science behind your particular bent, you further unlock the power from within, and without. This impressive book is very well written; and remarkably - it is comprehensive without being boring. I strongly suggest that you read it from cover to cover BEFORE delving into the supernatural world of Psychic Power - from Channeling to Psychic Self Defense, and Telepathy to [my personal favorite] Lucid Dreams. To whet your appetite - just let me say this . . . you'll have fun with the "Great Bullfrog Race" exercise. Trust me! It looks like you've got another winner! Congratulations Embrosewyn!

The one thing that stuck out to me the most while reading this book was that this world really isn't the world I thought it was. The more I read it, the more fascinated I got with how wonderful this world can become, if only I developed my senses more. Embrosewyn writes with such familiarity and honesty that the book becomes a fast read. I just finished the book so not enough time has passed for me to test out and tell you if what he suggests works, but I'll be sure to update this review when it does. In any case I'm very grateful for Embrosewyn sharing his experiences in this book.

So far I can't put the book down every time I want to put the book down I see something else that's interesting the author did a great job with this book

I've always been interested in psychic powers, and this book is a tremendous reference guide. It contains hundreds of pages of information about different types of powers, covering the gamut from auras to animal whispering to telekinesis. The book also covers the history of psychic ability, as well as the science. The author discusses the characteristics of a person who might more easily discover their psychic abilities, such as empathy and intuition, and he includes exercises and suggestions to further develop those abilities. The author also includes much of his own history and stories of his psychic abilities, and those examples really do help in understanding how each ability works. There is also a comprehensive appendix of other materials, including the history of the Spanish inquisition and the Salem witch trials. The author is very encouraging and supportive with his suggestions about how to develop your own psychic abilities, and the entire book is grounded and extremely well-written. It is well worth the purchase!

I am amazed by the information contained in this book. The way the writer explains everything is so easy to follow and absorb. This is a must have for anyone seriously interested in discovering their abilities. A definite reference book for me.

Since I was a little girl I have always been interested in the unexplained or the ethereal parts of life, seeking out knowledge about everything from precognition to channeling the dead. So when I came across the author's other book "Auras: How to See, Feel & Know" I immediately delved into it with fervor. This time around instead of happening upon the book I eagerly searched out "Unleash Your Psychic Powers" after being swept up in the amazingly enlightening and informative guide the author offered on auras. Embrosewyn Tazkuvel uses his extensive knowledge of the immaterial

world, from clairvoyance to telekinesis, to help the reader fully explore the powers of the mind and body in an enlightening way. Using a thoughtful and insightful writing process, the author explains and studies the many types of psychic powers and just how to tap into the abilities you already have to fully realize your own psychic potential. The book goes into detail and easily explains, in a step-by-step way, the process of "unleashing your psychic powers" and taking full advantage of just how use can use them to better the lives of those around you and yourself as well. The thought provoking and educational guide is a wonderful addition to my own reading library, offering me a wealth of knowledge on just how to make the most of the psychic powers I have or could have in the future.

The fundamental thing you have to acknowledge if you really want Unleash Psychic Powers to work for you is that the ability and the power to do this is already within you. The author, Embrosewyn Tazkuvel does a fantastic job of relaying that it's innate. Unleash Psychic Powers is just a tool for you to be able to harness it. I felt powerful reading this book and I am so encouraged to realize such things for myself. I feel like my potential to uncover so many things and connect with other beings is at an all-time high. My mindset has changed for a dramatically better me. I feel so in touch with myself, with the cosmos, and with others as well. I have always had a sincere reverence for the supernatural and deities. Being able to pursue it finally has been so rewarding and fulfilling. My hopes are high for what is to come for all of us who reach this path through Unleash Psychic Powers.

Very informative book. Still in process of reading, but would recommend. Has helped me understand more of my gift.
