Customer Reviews

Todd is a great teacher, one of the best I've had in almost four years of college. He's AWS certified to perform cert tests and also a welding inspector. He is a good guy with a great sense of humour and most importantly smart. He holds your attention during class sessions and gives real world explanations. The photos and info in the book are well worth the price of his book. Best out!

Prefect, just in the nick of time

great book uses everyday in my class , great to prepare for the LA cert, and AWS cert aswell, ,,

Good book had to get it for school awhile ago. Lots of good information in it

Thank you we received the book early. The book is in good condition .

As expected

great book

Should have been returned, but my son tried to work around my mistaken purchase. The workbook was almost in tatters. it had been highlighted and ccompletely written through. Totally useless.
