Customer Reviews

I would prefer if the background track offered the option of not playing the "solo" part with me. The music on CD is a little peppier than I would prefer and doesn't allow for me to vary the solo (holding out notes or trying to make it emotional). It's very square and robotic feeling, but I do love playing pieces from this musical!

My daughter loves her book, the recording is very helpful to play along with so she gets correct rhythm. She loved the movie and just had to have this book, a five star rating is definitely deserved.
