â ^Footprint can be depended on for accurate travel information and for imparting a deep sense of respect for the lands and people they cover.â ™World News

Expert authors Claire Boobbyer and Andrew Spooner have travelled extensively throughout the region researching our new edition of Vietnam, Cambodia and Laos Comprehensive coverage of all the main attractions, plus hundreds of ways to get off the beaten track Extensive, reliable listings and advice to help you choose the right accommodation, restaurant or guide In-depth background section to help you understand the regionâ ™s history, culture, people and politicsâ

Since we do not do tour group travel, we are always looking for books that give us the means to travel on our own. The pictures, itineraries and descriptive places to visit, make this a book we will be traveling with during our one month visit.

Not quite sure why reviewers who wrote reviews said there were pictures in this guide. I purchased it for that reason only to discover that there are none. Unfortunate.

Very helpful concise history, excellent restaurant and hotel descriptions and advice on how to get to the appropriate sites

Was a great resource as I visited these countries--gave hisroric perspective as well as major sights to see, and things to do.
