This is the best gift for my girl since she does not have any idea on what to do during their honeymoon. I've tried some of this and I can say that it really works! One thing that really matters is

the ambiance of the place where you both should have and should prepare and there are also ways to awaken your senses like putting a smelly perfume inside the room. Also avoid distractions during the play so that both of you can concentrate. Engaging a good foreplay is a big turn on!

This is a great how-to book, as well as being beautifully written. Simple lines; you do not need to create temple every time, sometimes all that is necessary is to close the door. My husband and I have read and tried many sex books, this is without a doubt the best! Thanks!

This book is a brief guide but it is jam packed with valuable information towards tantric sex. Enhancing one's lovemaking, awakening our senses and boosting our performance as a lover with some of the ancient practices of tantric sex is a great adventure to begin with.
