Cats & Quilts: Adult Coloring Book

Synopsis

24 unique hand drawn illustrations to color Each coloring page is printed on a separate sheet to avoid bleed through Each illustration is printed twice: full page and 4"x6" size, perfect for framing Designed to appeal to all ages, and especially cat fanciers and quilt enthusiasts, Cats & Quilts adult coloring book contains twenty four timeless, hand drawn illustrations of cats and kittens cuddling in quilts as colorful as you want to make them. Each illustration appears in two sizes: large and half size, both suitable for framing when complete. Beginners can create beautiful pictures using solid colors while more advanced artists can use the line art as inspirational guides to add shading and detail to fur and fabric. Each picture is printed on one side of 60 lb pure white paper to minimize scoring and bleed-through. We suggest using crayons and high quality colored pencils for the best results. No matter what your artistic skill level, Cats & Quilts makes the perfect gift for you or a special loved one. Interested in an Artist's Edition of Cats & Quilts? Now also available with super thick coverstock paper, spiral bound with perforated pages! Suitable for all media, including watercolors and markers: <https://www..com/dp/B01F5JL8UQ/>

Customer Reviews

"I have about 22 different coloring books and this is my favorite one. I am a cat lover and the pictures are adorable." -Tonya Helser
"Fantastic. The best cat book yet. I love the addition of the quilts which leave so much room for creativity!" -Obsessive Cat Disorder
"Love the fact that I can color the cats as I want to remind me of one's I have had. Also love doing the quilts in such

detail, right down to the quilt stitches." -vladsma"Love it! Cats are all cute and cuddly. I really like that the illustrations are realistic and the cats are not made up of triangles and squares like most of the abstract cat coloring books." - Customer"It is just what coloring books should be - scenes and settings with plenty of imaginative designs on the objects in each picture.Â Perfect for either the beginner or for those wanting more advanced variations on the quilts and cats' fur designs.Â Love love love this book" -Meowzzers

Cats & Quilts24 hand drawn illustrations of cats and kittens on quilts of all types. Fun to color no matter what your skill level.Printed single sided, so that your artwork isn't affected by bleed through from pictures on the other side of the page.Each illustration is available in two sizes: Full page and 4" x 6", perfect to cut out and frame!

This is a really lovely book of hand-drawn designs of cats on quilts. These are two of my favorite things. I have a beautiful picture of my favorite kitty (who has long since passed on) sitting on her favorite quilt. It is a picture that I love to look at and remember her by. Now, with this beautiful coloring book, I can color and think of her (and my other pets from the present and past) at the same time.What is outstanding and unique about this coloring book is that you are given full size coloring pages of each design as well as a 4 x 6 inch version as well. All of the designs are printed on one side of the paper (with the back left blank) though the smaller version are printed two to a page. All of the designs have blank space on all sides, so coloring into corners is not an issue with this book.The designs are printed on white non-perforated paper. The paper is medium weight and all markers and gel pens bleed through. Not a problem Ã¢ÂÂ I am now using a piece of chipboard under my work to keep ink from leaking through to ruin the design below. You can use heavyweight paper or cardstock but be sure to check to see how many layers you need to keep it from leaking through. The binding of this book is glued rather than sewn or stapled. There is plenty of room to cut the page out if you wish.

My kids aged 11 and 17 both loved it. The varieties of pictures gave them all different difficulties.. easy to hard to allow them to be more creative and challenge them enough. My wife is a cat lover and loves to paint as well. She loves this book as much as my kids do. I highly recommend this for all kind of art lovers - easy to hard !!!

Cats and Quilts is awesome! There is detail if you want it, but it isnt frustrating for the more casual

younger artists in my house. Perfect mix of geometry patterns and animals. I hope this author makes more like it. The picture is the first one my 12 year old did. She was occupied for hours with this book.

I quilt and I love cats, so I immediately ordered this book! I really like how the artist gives you the basic cat shape, and then you can fill in any colors to make it look like different breeds (see my sample). Another nice feature that I haven't seen in any other coloring book, is that each page is duplicated in 4x6" size in the back of the book. This allowed me to do the same page in two different types of cats. And the smaller one will be used to send as a card to my mother-in-law! As a quilter, I love filling in the quilts with colors, thus allowing me to come up with new plans for my quilting!

Very impressed with the coloring book. It didn't seem to be overtly easy, nor was it so difficult that one could only stare at it in horror. This was given as a gift to my brother-in-law, and I believe he was really impressed with it. I know I would have been! The paper was average weight, not so thin that anything other than a pencil would leak thru. I believe that even when using a pen, it would hold the ink well. Although, I would be tempted to put parchment paper or wax paper behind it the first time just to make sure. The images of the cats and quilts were adorable. Of course, the hairless cat I couldn't help but wrinkle my nose at it. All in all, I truly believe this was money well spent. I'd do it again, if for anything, to buy me a book for my own purposes.

I am a crazy cat lady.... and I love to color, so it was quite an obvious choice to get this book. Every picture is super cozy and makes me just want to jump in the book, cuddle up on those beautiful quilts and make a new friend. LOL. It is a way for me to color beautiful kitties and admire them in the book instead of adopting them all. Haha I only have 2 kitties. They will not let me adopt more... the King and Queen are quite happy with getting all the attention for now. The book is well drawn and the pictures are all different. It has quite a bit of dead space like a real picture, not completely filled in like some of the books about jungles and ocean life. I have both since it depends on my mood if I want to color an entire picture in an hour... or 14 days. Variety is great.

Excellent drawings, printed one sided.

Adult coloring books are a great way to pass the time and are great for children of all ages. this book is fun and the family can join in together. highly recommended. the book includes full page and

half page 4x6" versions that you can color and frame.
