I bought this before taking my granddaughter to New York City for her first visit there. After skimming it, we didn't use it. It has a lot of out of the beaten path places to visit and if you are looking for that or if you live in NY I suppose it would be pretty good. We were looking more for a guide to the "highlight" destinations and this wasn't it.

I was looking for a book on this topic since a long time and I am glad that I decided to give this book a try as this book has all the information I needed to know on the topic

Nothing new if you've been there a few times.

Used it on our trip last month! We didn't scratch the surface in a week of everything there is to do but that's always the case in NYC. Very interesting book and learned a lot!

I wouldn't have purchased had I known it didn't have a single photo

Such an informative book. A lot of important information about New York City has been provided in this book. I was actually impressed by how much useful information is squeezed in such a short book. By reading this book I've got proper idea about tourist places, restaurants, hotels and much more. Such an excellent book. Highly recommended.

Wow, it was a amazing book, i enjoyed the book a lot, well written, well description, love the book, Nice book!

A little to mundane. Needs some enthusiasm.
