Customer Reviews

Walks and Hikes on the Beaches Around Puget Sound (Walks and Hikes Series) VI

Outstanding. Relevant and easy for the family to use and plan the next hike

The visitor from Europe will be dismayed by the limited public access to the shoreline , but this book will help you to make the best of it.

Crotchety. Ascerbic. Knowledgeable. Daring. Joyful. Just a few of the words that describe this wonderfully well-researched guide to the shorelines around the Whualg (want to know what the Whualg is? Get the book and look it up!). Harvey Manning has been around the Puget Sound a long time, and opens up an arcane world that not even natives and locals may know about. Parks, bird sanctuaries, bright beaches and mysterious aging forests. A feeling of secret enjoyment at every step. Meadow walks, seabirds and sea-mammals. If you're going to live in the Pacific Northwest, and you're really going to hit the beaches, you have to have this book.
