## Customer Reviews

Difficult and Solo Passages (Bassoon Method) Woodwind Method Series by C Stadio. For unaccompanied bassoon.

Great place to start in learning orchestral bassoon parts. I'm glad it is still available now that so many major orchestral parts are only available in full orchestral set rental. I highly recommend having this book spiral bound at an office supply or copy shop so it will stay open on a music stand.

I'm an undergrad bassoon major, and my teacher just loved that I bought this! She says it has so many great excerpts and solos in it. I've already done a few of the major ones and can't wait to dive in and learn more!

Love it!
