The Manipulated Man

Synopsis

Esther Vilar's classic polemic about the relationship between the sexes caused a sensation on its first publication. Her perceptive, thought-provoking and often very funny look at the battle between the sexes has earned her severe criticism and even death threats. But Vilar's intention is not misogynous: she maintains that only if women and men look at their place in society with honesty, will there be any hope for change.

Customer Reviews

'A provocative, runaway bestseller.' Newsweek 'Extraordinary... a vigorous answer to Women's Lib.' The Times 'No one escapes her icy scrutiny.' The New York Times

Text: English, German (translation) --This text refers to the Kindle Edition edition.

I got slapped on the face with the veracity of what this contains. I highly recommend this book if you: just got out of divorce. are about to get married (because it will make sense when you start having less sex) can understand why women behave different every now and then notice why women call you only when they want to go out. etc, etc, etc. Learn how to live free and how people try to control you ...

Straight talk! ...a must read for all men...especially Americans.

Very enlightening book. A must read for men, young and old. I think that I will buy a copy for my sons, so that they realize the tactics used by American women. Knowledge is Power. Boycott marriage!

Great insightful book....must read. It was eye-opening though, only wish I had read this book as a teenager would have been very useful.

The only reason I didn't give this book five stars is that it doesn't appreciate females FOR being so mundane and down-to-earth. Because there comes a point where perhaps you don't put striving and achievement up on a pedestal and you find the mundane and the merely domestic to be a refreshing change of pace....On the other hand, if part of Vilar's point is that females aren't really even domestic but simply barren and boring, then maybe this book deserves the full five stars, even though it's for the most depressing and awful of reasons.

This book is a must read for any male.

This is a must read for every self respecting man.

best book I have ever read.Although it was written 40 plus years ago, almost everything Esther Vilar writes still applies today
