A great gift for my 9 year old and very informative....He loved it!

This is a very good book. Have given this book to four children.

Very cool informative book!

The grand daughters love this book which gave them something to read in the car while traveling to the Ocean

Good Book

My grandkids love the books

Bought one each for the grandkids to learn more about shells near our beachhouse and to be able to name them.....start collecting as the go "shelling!"

I bought this for my granddaughter who loves the beach. It's easy to understand and helps a child know what kind of shells she's picking up on the beach.
