I just don't get it when somebody leaves a negative review on a book of Joel Osteen's. His books contain inspiring, guiding, and comforting messages to all those out there - regardless of your

spirituality. And this one is no exception. I'm 20 years old, a young fan of Osteen, and I watch his inspirational sermons all the time. By the time they're over, I feel refreshed, renewed, and revitalized in my soul. I feel as if I can do anything. He's a positive man who wants everyone to succeed in life, with lots of sincerity. About this book. I currently have 4 of his books, including his latest, "The Power of I Am", and when I saw this on the shelves I grabbed it. The title suggests exactly what it's about: having a fresh start of the new year; a fresh start with yourself, with your spirituality, with God, your family, friends, love life, financing, work, and other aspects in life. Like his other books, Joel uses Scripture to back up his comforting words. Even if you're not that religious, Joel still writes content to overall feel good about yourself. He encourages you to settle for nothing less than the BEST of you. That's right, aside from his Pastor side, he's a wonderful mentor alone. This book covers avenues of how you can let go of negativity, the past, and open a new door of positivity and success. And most importantly have a fresh start - no matter how tough things can be for you. I can tell through Joel's attitude, his sermons, and his books that he genuinely wants everyone to succeed. I'm only a few chapters in and I already feel like God is giving me a second chance at life, since things have been hard for me. Joel reminds us in this book that God gives everybody a fresh start in life, and never stops guiding us through life. Like the cover, the pages in this book also contain beautiful photos of scenery, usually during every chapter beginner and ending. It's not as large as Joel's other books but has the same amount of his usual 200+ pages. Very easy to read, understand, and is full of inspirational verses from the Bible. I paid only \$13.00 at my local retail store, and it's definitely worth it! Overall, this "Fresh Start" is a great addition to Mr. Osteen's collection of spiritual self-help books. It definitely will make you feel stronger, healthier, happier, and ambitious. Osteen teaches us that we're never alone. God is constantly with us and he ensures that in this book. If you feel like you need a fresh start in life, if you're a Joel Osteen fan, or if you simply want comforting lessons for life, "Fresh Start" is the perfect book to begin with the new year of 2016.5 Stars!

You can't help but feel better when reading such encouraging

verse, the challenge is when you put the book down. This is a quick read and you can pick any page to read and you will be positively affected. Get a fresh start with this book.

This simple book has been a great jump start for me. Don't underestimate the simplicity of this book. This book is meant for motivational purposes and if you are ready to make some changes and go for it, this book is a fast and effective method. I really like how it's divided into two sections. The first half is the book and the second half is just an index of useful scriptures to use to motivate you on various occasions. I devoured this book in just there days.

I received this book a week ago today and I just thing it is just a wonderful book to read. There are a lot of positive,encouraging, and inspiring messages that makes me feel so good about myself and life which are very helpful. I watch Joel Osteen's program every Sunday on channel 5 and I think his messages are just amazing. These messages also give me a different outlook on life for the better. I plan to receive these messages for many years to come and as long as I can.

Great study guide, helps you to understand yourself in relation to God, by asking questions.

I like the study guide to use along with the "fresh start" book. Both are excellent. If you need encouragement, the book and study guide are highly recommended. Enjoy and be uplifted, motivated and ready for a new insight. Joel you did it again.

it took me a bit to finish it - I had a lot of underlining and highlighting to do! :)I have a lot of Joel's books - this one hits home to me in a new and different way, but that could be it's timing - I am starting a new business and this book arrived at just that time. It's like reading the Word....it's always fresh and alive if you listen with your heart and your spirit to what Joel is saying.

This book has so much goodness in it that will fill you up with nothing but thanksgiving! I can't even begin to tell you how wonderful this book is, but I will say you won't regret reading and applying this into your daily life.
