Synopsis

Akira Toriyama's groundbreaking, iconic, bestselling series now in an omnibus edition! A seminal series from a legendary creator. Dragon Ball, a wry update on the Chinese "Monkey King" myth, introduces us to Son Goku, a young monkey-tailed boy whose quiet life is turned upside-down when he meets Bulma, a girl determined to collect the seven "Dragon Balls." If she gathers them all, an incredibly powerful dragon will appear and grant her one wish. But the precious orbs are scattered all over the world, and to get them she needs the help of a certain super-strong boy... Legend has it that if all seven of the precious orbs called "Dragon Balls" are gathered together, an incredibly powerful dragon god will appear to grant one wish. Unfortunately, the orbs are scattered across the world, making them extremely difficult to collect. Enter 16-year-old Bulma, a scientific genius who has constructed a radar to detect the exact locations of the Dragon Balls. She's on a mission to find all seven orbs, but first she must convince young Son Goku to join her on her quest. With a monkey tail, superhuman strength and a magic staff for a weapon, Son Goku is ready to set out on the adventure of a lifetime! Reads R to L (Japanese Style) for teen audiences.

Renowned worldwide for his playful, innovative storytelling and humorous, distinctive art style, Akira Toriyama burst onto the manga scene in 1980 with the wildly popular Dr. Slump. His hit series Dragon Ball (published in the U.S. as Dragon Ball and Dragon Ball Z) ran from 1984 to 1995 in

Shueisha's Weekly Shonen Jump magazine. He is also known for his design work on video games such as Dragon Quest, Chrono Trigger, Tobal No. 1, and most recently, Blue Dragon. His recent manga works include COWA!, Kajika, Sand Land, Neko Majin, and a children's book, Toccio the Angel. He lives with his family in Japan.

It's a great way to save money collecting, but if you can afford to buy each manga separately then you should probably do that. I grew up a fan of the the dragon ball franchise and watch super weekly nowadays as well, and These 3-in-1 volumes are a great way to collect, however if you're looking to read these, the pages are actually really thin and easy to tear which really takes away from it. The storyline of Dragon Ball was is my favorite out of the three cannon ones. If I had to recommend a 3-in-1 it would most definitely be the big books because of their select colored pages.

Great comic for kids (probably moreso for boys). My 6-year-old son loves it. Detailed story and amazing art keep his attention, and he's reread it many times. Note: occasional harmless nudity (more in a joke context, but it's there if that concerns you).

Awesome book, arrived on time in excellent condition. Fun read as well, was a huge fan of DBZ when I was younger, fun to throw back and read the manga! Easy read, just be careful with the pages, a little thin, but still good quality. Definitely recommend to anyone interested in starting this manga series!

The page quality isn't the greatest, and opposed to the Vizbig size, they're quite a bit smaller, basically your standard manga size. With all that being said, it gets the job done though.

I havent seen any censoring bulmas boobs was out 5/10 weird nips the paper isnt as thin as the comments make it sound i havent finished the book but so far im very happy with this book

Was a gift for someone

Another Great read!

If you've only seen the anime, you might want to check this out. Original Toriyama drawings and most of it is in English. I loved it!
