Dos Mundos: En Breve: Comunicacion Y Comunidad

Synopsis

Dos mundos made its name as a pioneer in Beginning Spanish, and has maintained its spirit of innovation through many successful editions: today, it continues to be one of the best-selling beginning Spanish language textbooks in the nation. Based on the communicative approach, Dos mundos stresses the use of engaging activities in a natural and spontaneous classroom atmosphere. In this research-based approach to learning language, the development of communicative language skills is the central goal, with formal grammar presentation and practice at the service of communication.

Currently an instructor at Irvine Valley College, Professor Andrade has co-authored *Mundos de fantasÃ- a: FÃ¡bulas, cuentos de hadas y leyendas* and *Cocina y comidas hispanas* (McGraw-Hill).

I ordered this book because my Professor required this specific edition and my school didn't carry it. Looking to save money, I ordered it "USED", in what was listed as "GOOD" condition. Didn't expect much. Maybe a few torn pages here and there. However, when it came in the mail (earlier than what was told to me, which made me happier), it was in PERFECT condition. I swear, it looked like it had not ever been used. I only paid \$9 for a perfect condition textbook that would have normally \$100+. DEFENITLY HAPPY WITH MY ORDER.

Arrived on time and product is as described

My College bookstore wanted \$115 for this same book as a loose leaf version. This book is hardback, and cheap! Mine did have writing in it, and many of which were answers. As I took this class online, they came in handy to check my work.

The only thing that bothers me about the textbook is that it had been written in a little more than I think is appropriate. Quite a few of the exercises in the first two chapters had been filled in with ink. I would have appreciated knowing how much the book was written in before it was sent to me. The

physical condition of the book is what would be expected from a used rental textbook. The binding is still tight and all the pages are there. The shipper sent it promptly and it arrived in good condition.

This product (book) was rated in good condition. However it is in horrible condition and should have been rated much lower. Almost every page has writing on it and poor highlightings. A lot of the questions were answered which does not help when trying to learn for yourself. Very dissatisfied!

In good condition

The book has water damage enough to be kinda embarrassed about when in class.

Good textbook.
