Customer Reviews

An excellent reference book for Tudor doll houses from timbers designs to finish.

I am currently building a miniature Tudor house and this book has been invaluable in all aspects of construction, from framework to floors to lighting and custom woodwork. Highly recommended!

A good book on making Tudor houses however I was a bit disappointed that it didn't include wattle & daub walls or thatched roofs I would recommend it though.

Great book on Tudor making. Nice plans for making a miniature and design. Nice photos. Helpful tutor for construction.
