good

My students LOVE this book series. We use it to focus on our composer of the month. Highly recommend them.

LOVE this series for young ones

I have found all of the books in this series to be a fabulous resource in my fine arts program. They would be a great addition to any home library whether or not it is in a homeschool environment.

I leave this book in the waiting room of my music studio - fun easy book about Handel - other books in the series are also great

Great for young readers

Great book for children. Informative and accurate with wonderful artwork. A must for a young prodigy. It came beautifully wrapped and shipped quickly. Couldn't be happier

Our entire family LOVES these books and videos. They are funny and informative and accurate. HIGHLY RECOMMEND this series, the one on artists too. I wish I owned them all. I tell all of my friends about them and just bought a bunch for stocking stuffers.
