Synopsis

Inside The REAL Stories Of The Scary, Unexplained, And Weird – Claim Your FREE Bonuses After the Conclusion! Between robberies, reports of lost people and pets, bar fights, domestic fights, car accidents, and anything else you can imagine, police officers have an incredibly difficult job. They must be there to take care of anything that goes wrong, offer support and help to all the people involved, and put themselves in harm's way more often than not. Many people take this for granted. In fact, most people don't give the police the respect they deserve. They are disrespectful and rude, and they will refuse to pay the tickets they have received or appear in court when they are told to. These people act as though the police are out to get them, when the police are, in fact, just doing their jobs. The life of a police officer might be rewarding, but there really is no way to tell for sure how much you will have to deal with. In this book, we are going to look at some of these tales of valor. Some of the horrific and unexplained things police officers have seen with their own eyes, and some of the things they have had to experience for themselves. Facing an armed robber in a shoot out is one of the most terrifying things anyone could be a part of, but perhaps even that pales in comparison to facing a paranormal spirit that could strike at any time. Read through these eyewitness accounts of what members of the police force have had to deal with, and perhaps gain a better understanding of and appreciation of what they are doing for you. You know, not that great. The stories are generic and not from a specific place. They could be made up for all I know. Its a lot of an unknown cop in an unknown city entered a vacant building and heard people laughing and when he investigated found nothing and found out 100 years ago children died in the house. There are three of these now. I read the first two and they were very similar. I have no plans to read number three.

As I believe in ghosts, and the supernatural, these fascinated me. Especially the one about the female police officer. Good stuff.

This book is the latest in a series of paranormal police encounters. It is a unique point of view and an area most are not trained to deal with. There are some very creepy tales in this edition and some less so. It is a worthy follow to the first book in the series and definitely interesting for paranormal fans wanting to read about encounters from a differing point of view. Many officers started out as non believers, but learned that there are situations they are not prepared to deal with.

A super excellent book with many encounters with the paranormal experienced by Police Officers. The author has collected new, not re-done, encounters with the paranormal as reported by the police officers that encountered them. Well written and tight. All those into the paranormal or those just looking for a good scare will love this book. I did receive a free ARC pdf of this book in exchange for a fair review, but added the Kindle version to my e-book collection upon release.

Very good book. If even one story is true, it definitely makes you question the unseen world(s) around us.... The police officer angle really adds to the book's credibility. 5 stars!

This book really had some great police stories that were truly very creepy! And they were all new stories that I have never heard before either which is so nice in these kind of books! I did not put this book down until I was done with it and it left me wanting MORE!! When's the next true police stories coming out because I cannot wait to here what's next! I love getting to read about the stories that you don't normally hear police officers tell. This book by far is my favorite true police story books!

Loved it. Chapters were a good length, not too long but just enough and held suspense while keeping me intrigued. Stories had a supernatural spooky feel to them which is exactly what I enjoy and kept me interested to the end! Can definitely recommend.

I really enjoyed reading this book, it was quite interesting getting to read accounts of paranormal by actual police while out on calls, some were a bit creepier stories then others, but all were pretty good.
