# Yangzi River Map: From Source To Sea, Featuring The Three Gorges, Shanghai, Wuhan, Chongqing, & The Source In Tibet

## Synopsis

Simon Winchester (famed journalist): Wonderful this (map) has made my day. We're proud to offer this fine series of guides from the only English language travel publisher based in China. Each book is perfect for the reader who demands not only details of the practical (where to stay, what to eat, and more) but also of the magical (why their destination is what it is). Odyssey fans tend to be adventurous travelers with a literary bent. If you're lucky enough to find an Odyssey guide to where you're going, grab it! National Geographic Traveler

Captain Richard Hayman has sailed on the Yangzi River for twenty years including aboard ships chartered by Lindblad Travel and as Director of Operations for Victoria Cruises. He lives in New York. Cartographer Mark Stroud of Moon Street Cartography has been producing maps for over ten years. He is based in Durango, Colorado where, when not working, he is out climbing the mountains or flying small aircraft. Photographer Wong How Man is founder and President of The China Exploration and Research Society. The CERS has a history that has important ties to the Yangzi River. The Society was founded in 1986, following Wong How Man's Yangzi expedition for National Geographic between 1985 and 1986. During that expedition, Wong defined a new source of the Yangzi River.
