The Periodontic Syllabus (Point (Lippincott Williams & Wilkins))

Synopsis

The Fifth Edition of this text—widely known as the "Navy Syllabus"—will keep students and practitioners current on periodontal techniques. The book focuses on the biological approach to treatment with quick access to concise, step-by-step, clearly illustrated information on performing specific techniques. Coverage includes implants, implant maintenance, occlusion in periodontal disease, and a mucocutaneous diseases chapter with full-color illustrations of pathologic conditions. This edition features updated pedagogy and new illustrations throughout, including full-color photographs. End-of-chapter review questions require students to test their knowledge before moving on to the next topic. This edition also provides more information on the dental hygienist's role.

Customer Reviews

Jonathan Gray is Associate Professor of Media and Cultural Studies at the University of Wisconsin, Madison. He is the author of *Television Entertainment and Watching with The Simpsons: Television, Parody, and Intertextuality* and co-editor of *Satire TV: Politics and Comedy in the Post-Network Era* and *Fandom: Identities and Communities in a Mediated World*.

Great piece of literature. Best pictures and illustrations.

Good arrival time. Item was exactly what I expected.

Good Book! Short, concise and gets to the point. A much easier read than the thick periodontology textbook. Good Book!

I am completely satisfied. Good transaction.
