I love this book. I found once i started reading this book i couldn't put it down until I finished it.

wonderful and enjoyed reading it.

Good read

Clean country love story . Very sweet. I could picture all the characters in each part like I was standing beside them.

This was a special story about a man losing his sister and her husband leaving a small baby girl for him to raise. A young orphan was brought to town with a group of girls to find a husband, she started caring for the child when a woman came up to her and attacked her before stealing the baby. A must read for those who enjoy historical western romance kindle books from at a special price and from a duo of delightful authors who keep me entertained throughout the entire book before putting it down. A great reading experience.
