## Customer Reviews

Great book for spanish grammar review. Used this in my AP Spanish Language and kept it even after the class was over. I refer back to it whenever I need some grammar help.

Fits the bill. Great for Year three Spanish students. Really detail oriented, which is what the AP exam tests on.

Exactly the book I needed. I didn't want to pay full price for a book I use in tutoring. So glad I found it on-line.

Product was in very good condition as stated in the original description and arrived on time.
