Middle School: Get Me Out Of Here! (Middle School Series Book 2)

Synopsis

James Patterson's winning follow-up to the #1 New York Times bestseller *Middle School, The Worst Years of My Life*--now a major motion picture!--is another riotous and heartwarming story about living large. After sixth grade, the very worst year of his life, Rafe Khatchadorian thinks he has it made in seventh grade. He's been accepted to art school in the big city and imagines a math-and-history-free fun zone. Wrong! It's more competitive than Rafe ever expected, and to score big in class, he needs to find a way to turn his boring life into the inspiration for a work of art. His method? Operation: Get a Life! Anything he's never done before, he's going to do it, from learning to play poker to going to a modern art museum. But when his newest mission uncovers secrets about the family Rafe's never known, he has to decide if he's ready to have his world turned upside down.

Gave this book to my dyslexic god-son, he loves it! He has problems creating mental pictures from

written words and this has helped him tremendously. The best part is that he was so excited about reading that he blasted through a quarter of the book the same day I gave it to him, a huge feat for him. Hopefully this will help my godson to improve his reading capabilities.

This is book #2 in the middle school series . Arrived in perfect condition well made my son has already read this book and you can see it looks brand new . It's been stuffed in a locker , back pack . You get the idea . I highly recommend this book for all middle school age children the main focus in the book is on a boy but I have read throw them all myself and a girl would enjoy it as well . There are 7 books in the whole series

Ordered for my 8 year old, he is now ready to order number 3. Great series for him and my 9 and 11 year olds.

Really funny. Comics are throughout the book depicting scenes from the story. No bad language. Although the story is a little sad it's a great book for both boys and girls. A/R book. Good for kids 8 and over.

This book is great for 5th and 6th graders. About a week ago i bought the first book "Middle School the Worst Years of My Life" and couldn't put it down. Now I'm on the 4th book in the series and can't wait for "Save Rafe" to come out. WARNING SPOILER ALERT: However the end really broke my steel armor and hit me in the soft spot. I feel so bad for the kid because not only does his human friend make fun of how his dad doesn't live with him but we then find out that his father had died a soldier.SPOILER ALERT OVER:This book is a close tie for my 2nd favorite book series, "Dairy of a Wimpy Kid" and another series by Patterson, "I Funny"

Th boY birthday party for the medic and red bull, I was looking forward and HER to do it! it's not tough to the roof of a dress code is just music, but it will also have nothing to draw a line in the history the throne. p and subscribe to the roof and this sentence universe, but I don't wanna go to great lengths. march of you guys could give me some chocolate milk and my dad died when you can come over to my bed now, you get battlegrounds and.

James Patterson teen books are a big hit. My son loves these books and has had me buy them all! Great reading and they keep him interested in learning more about the characters.

great for my 4th grader
