San Juan Islands Cruise Guide: A Boaters Handbook For Cruising The Islands And Surrounding Area

Synopsis

If you are planning to visit the San Juan Islands by boat and are wondering where to go, what to expect, and how to get there, this guide is written for you. Written by a boater, and for boaters that are planning to visit the San Juan's and surrounding area. All the parks, resorts, marinas, cities and launching ramps are included with reviews and suggestions to help fellow boaters explore, cruise and boat camp. The area from Bellingham to Deception Pass, La Conner to Butchart Gardens and Victoria to Friday Harbor is included. Favorite hikes and strolls accessible only by boat are covered, bicycling and kayaking suggestions too. Some parks and destinations are outstanding, while others are not, this guide will arm you with useful knowledge earned by the authors decades of exploring, gunk holing and hiking the area. The somewhat tongue and cheek articles display an honest assessment of destinations for your benefit. It is clear throughout this guide that the author wants to help you enjoy cruising the area and has compiled what every Skipper and Admiral wants to know. Notably, "Which parks have docks and bathrooms, and where to buy ice." Plus all the launching ramps and marinas to help get you on the water. This is the special expanded edition with over 25% more pages that includes boating, camping, and cruising essentials for your next best vacation. Imagine yourself discovering unique exciting places. Look for the full color print version and the expanded less costly black and white edition at , just search for San Juan Islands Cruise guide and look for the same cover picture. Thanks

Customer Reviews

The book was written by someone with much experience to lend to us newbies. I am sure we will have questions and will have to find answers on our own, but it is a very good place to start. I wish that I could print out a page or two to add to our agenda file of places to visit. I guess I will have to get out my pen and paper.

Good and helpful information for spending time in the San Juans. Due to storm we didn't get to sail but the Guide helped us find plenty of other interesting things to do!

Super impressed, PERFECT guide for the San Juans for sailing or power. We used this guide extensively from pre-trip research to the time we left for home. The only thing I would disagree with the book on was the comment on "reasonable" prices within the islands. 2X I don't consider reasonable, bring all the groceries you need.

Very useful. Took my homebuilt houseboat on numerous trips in san juans.

This guide is written in a much more conversation style than other guides books and therefore is more interesting and gives a better feel for the area being reviewed. The guide is not complete, but the information is good.

Excellent for a first time cruiser. Cuts through all the overly detailed larger cruising guides to help focus you on the best places to go. Very helpful rating system for anchorages and shore excursions.

Very handy

The information in the book is good, but the quality of the book is not good mine is falling apart and is missing 2 pages
