## Customer Reviews

Many of us remember reading Dahl's stories as children and may consider him to be a children's author: his adult fiction is very good. His short stories are the perfect length for bedtime reading, the plot moves quickly and there is generally an enjoyable twist at the end. Recommended for anyone who would like to spend 10-15 minutes at a stretch with some non-serious reading.

A terrific collection of short stories from a truly amazing author! I like that I'm able to enjoy this collection so much and also share it with my 12 yr old daughter on her Kindle reader. The stories in this collection are very imaginative and well written.

This story will bring joy to the reader, nice copy.

I'm holding back on a five-star until I see something really outstanding. Still, Roald Dahl can absolutely grab your attention. He's someone you can pick up and read and still want more.

Its a good book. I didn't realize it was used but the condition was excellent.

Wonderful short stories with a nice twist at the end of each!

I bought the book to use in Common Core, but I already had the short stories I chose to use in my old literature book.

I received no notice that it had shipped but it did arrive before Christmas. Book was Christmas present so I cannot review it.
