Synopsis

Whoever said, "sticks and stones may break your bones, but words will never hurt you" never met an a**hole. Here, you'll find more than 1,200 of the most biting quotes, comments, and comebacks ever uttered, including: "I would like to take you seriously, but to do so would be an affront to your intelligence." --George Bernard Shaw "Only two things are infinite, the universe and human stupidity, and I'm not sure about the former." --Albert Einstein "If they can make penicillin out of moldy bread, they can sure make something out of you." --Muhammed Ali You won't just find quotes from typical a**holes like Winston Churchill, Joseph Stalin, and Mark Twain, either. You'll also see what happens when practically perfect folks like Walt Disney, Mahatma Ghandi, and Audrey Hepburn lose their cool. So embrace your dark side and get ready to enjoy every over-confident, over-blown, over-the-top a**hole comment you'll ever need.

Customer Reviews

This book was not as entertaining as I expected, as the quotes are not as snarky as I had hoped. Quotes are less a\$\$-holish, and more annoying. Still worth having to add a few new quips to your smart-a\$\$ repertoire.

This is not as good as I expected. I bought it to keep on the coffee table, and it isn't the crowd pleaser I thought it would be. Most people just find it boring.

This book is an entertaining compilation of one liners and sayings that many of us are thinking but few every utter aloud. It's an amusing read while you're in a waiting room, chilling somewhere, etc. It's not something that's in depth but it's a good way to get a quick laugh or kill some time while you wait for something.

I wish I could use some of these in person to T-rump and his followers. Attacks of new and old sayings and quotations.

This actually made my blood pressure go up. Why? Because an unbelievable number of quotations were attributed incorrectly, worded differently than the original source, and a handful of quotes appear multiple times and each time, shocker, they are attributed to completely different people. Not sure what's worse; the author being lazy, or his publisher allowing it. I'm not being harsh for no reason. This compilation is **that** bad.

This book is hysterical. When I find myself in a bad mood, usually created by some A**Hole, I pick this up and read a few passages. It always makes me feel better. It doesn't take long to find a comment that reflects perfectly to whatever created the bad mood.

Just as advertised and delivered as promised.

My friend is a jerk. Sarcastic but mostly lovable. I felt like I needed to get him this for a gift. He was snarky at first, of course. However, he loves it and even posted it on his social media account (without any acknowledgement that I purchased it).
