Wild Italy: A Traveller's Guide

Synopsis

In Wild Italy, Tim Jepson leaves the well-worn tourist haunts of traditional guide books behind him in search of fresher pleasures. He offers a rural, rather than an urban Italy, revealing the best of the long walks, mountain hideaways, woods, plains, sea coasts and remote islands where travellers can still find a refuge from the modern world. He explores the whole country from its Alp-studded waist to its distant toe kicking the football of Sicily towards Africa. Like an unhurried lover, he works his way down thigh and shin, following the line of the Apennines, locating the pressure points between continental and peninsular Italy, pinching to see where the prosperous north gives way to the Mediterranean south, looking for those last empty stretches of littoral, down one side and up the other, where the bathers have yet to set up their parasols. --This text refers to an out of print or unavailable edition of this title.

Book Information

Series: Wild Guides

Paperback: 224 pages

Publisher: Interlink (January 1, 2005)

Customer Reviews

Most tours of Italy take in a Renaissance church or 10, visit piazzas and Michelangelo statues, then add lots of espresso, pasta and wine for a lovely, standard Italian holiday. But Italy has other, less well-known treasures. The countryside is stunningly gorgeous, with scads of glorious mountains, ancient forests, more than 1500 lakes, miles of sandy coastline and some of the best hiking in the world. And Jepson does a remarkable job of providing all the practical information you need to partake and enjoy. --This text refers to an out of print or unavailable edition of this title.

'Readers of the second edition of Tim Jepson's gem of a book will be... thanking the author for

leading them away from the obvious in Italy - the cities and galleries, the beaches - and into the wild.' - The Sunday Times. 'Beautiful photographs and excellent maps... He encourages you to visit the wilderness of the Abruzzi or experience the excitement of Mount Etna.' - The Independent on Sunday. --This text refers to an out of print or unavailable edition of this title.

Got as a gift for someone, they said they liked it.

Good book. I like the occasional illustrations of plants and animals.short descriptions of natural areas,color photos. Came in good condition.

Too bad this is out of print. Great way to find the natural beauty of Italy. Lots of information that we just didn't find in other guide books. If you are used to mixing culture with nature, then get this book for the nature.
