Look, I Can Talk! French (French Edition)

Synopsis

Using the world famous Total Physical Response (known world-wide as TPR), teaching method, Blaine Ray shows you step-by-step how to tell a story with physical actions. Next, your students tell the story to each other in their own words using the target language. They then act it out, write it and read it. Each Student Book for Level 1 comes in your choice of English, Spanish, French or German and has • 12 main stories • 24 additional action-packed picture stories • Many options for retelling each story • Reading and writing exercises galore. Blaine personally guarantees that each of your students will eagerly tell stories in the target language by using the Student Book.

Book Information

Paperback: 122 pages

Publisher: Sky Oak Productions; 2nd edition (November 26, 2014)

Language: French

ISBN-10: 1560184973

ISBN-13: 978-1560184973

Product Dimensions: 8.5 x 0.3 x 11 inches

Shipping Weight: 8.8 ounces (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 3 customer reviews

Best Sellers Rank: #155,261 in Books (See Top 100 in Books) #27 in [Books > Teens > Education & Reference > Foreign Language Study > French](#) #815 in [Books > Reference > English as a Second Language](#) #1422 in [Books > Reference > Dictionaries & Thesauruses > Foreign Language Dictionaries & Thesauruses](#)

Customer Reviews

This is my first year using the TPRS approach to French, and as I sought out helpful references this came up with good reviews. It has proven to be fairly helpful in providing ideas and a structure for storytelling, and some possible ways to assess comprehension and allow for a tangible justification for assigning grades. The story ideas are of mixed quality, and are sometimes a bit dated. The visual vocabulary page that accompanies each story can be difficult for students to figure out, as the artistic skills of the illustrator are not particularly high, but they do give an idea of how one might go about presenting requisite vocabulary, and are okay for quick daily reviews once the illustrations have been deciphered. Overall, I have appreciated the help that the concept has provided and have gotten great use out of this text. It might be time for it to be updated using computer-generated clip

art and/or photographs, and using computer fonts. At that time some of the ideas could be brought up-to-date as well. Still, not a bad product for us beginning TPRS folks.

You have to wait 2 weeks for the books, but it doesn't give too much information, (lack of information in the description in my opinion), the scenario could be better for a beginner and the drawing also. Disappointing by the quality

Excellent book
