## Synopsis

**TESS** She didn't want to give herself away to the man who was buying their ranch, but her desire for Clay overwhelmed her. She was afraid to tell her daddy and brothers she had fallen in love with him and was carrying his baby. It wasn't easy growing up on a secluded ranch surrounded only by rough, tough cowboys. Her mother had passed away when she was only three, so her daddy and her three older brothers were fiercely protective of her. Tess knew that was the very reason she was still a virgin at the age of twenty-five. Her family had been struggling and was close to bankruptcy, so they had put the ranch up for sale. When a New York City billionaire showed up wanting to buy the ranch Tess was furious at first until he gazed at her with his sexy green eyes. She couldn't help but notice how tall he was how he had wide shoulders and muscular arms. Something inside her wanted him to take control and ravish her, as she had fantasized a man would do when she was upstairs in her bedroom alone.

**CLAY** He marveled at Tess naivety and found it to be sexy as hell. For a second, he tried imagining her in New York City wearing stiletto heels and tight skirts but found it hard to do. He eased the truck up under the rocking horse brand and was taken aback by the untouched beauty and the ranch's old-world charm—a stark contrast to the vistas from his penthouse overlooking Central Park. When he pulled up to the house, he saw a woman younger than him had stepped out onto the porch. Her shapely long legs were accentuated by the way her Wrangler jeans were tucked into her cowboy boots. She was a tall, curvaceous woman with full breasts—just the way he liked them. Already Clay's mind had drifted from business to naughty thoughts of pleasuring himself with her. Then he shook his head—he had intended to leave his womanizing ways behind when he came to Colorado.

A standalone novel with an HEA ending.

## Customer Reviews

Tess and her family are about to lose their farm land. After being on the market for some time they finally have an offer from Clay. It's instant attraction for these two but with her over protective family can Tess have what she wants or will Clay have to walk away? Great read by Arabella. I voluntarily reviewed an advanced readers copy of this book

Congrats to the author. I was fortunate to receive this book as an ARC read, but it didn't have the extra stories. So was totally pleased to add it to my collection. The story grabs you from the start and you can't put it down till the end. So glad I had the chance to read it again. Thanks

One of the best books I have ever read. Loved the way Tess and Clays relationship developed. The overprotective brothers should have been throttled!! The bonus books are a bonus but just loved that clay have it up for love... I wanna love a cowboy!!

Another steamy read from Arabella Steedly! Steaminess guaranteed! Great storyline with lots of funny moments! Tess and Clay have great chemistry! Overall, an entertaining read! Lovely! \*\*\*I voluntarily read and reviewed this as an ARC\*\*\*

I really loved the really great stories in this book. I could not put the book down till I finished reading all the wonderful stories in this book. Thank you so very much for writing all of these wonderful stories.

Yes, the brothers and dad were overprotective but the chemistry between Clay and Tess could not

be tempered. Their story is a short one but a sweet one about family and love.

Had the privilege of reading and ARC copy. Arabella did it again. Love the millionaire becoming a cowboy. Finding peace in the mountains and love in the valley.

Good story. I liked the ending- always like HEAs...
