# The Sunnydale High Yearbook Buffy The Vampire Slayer

## Synopsis

Slayer duties caused Buffy to miss picking up her Yearbook, so Willow took it for her and enlisted the help of Xander, Oz, Cordelia, Giles, and Angel to make it truly special. Buffy's Yearbook is part school publication, part memory book and is filled with personal notes and candid photos.

Christopher Golden graduated from Marian High School in Framingham, Massachusetts, where he frequently disrupted the easily-diverted Mrs. O'Halloran's English class with discussions of movies or the previous night's TV lineup. Chris has painful memories of the talent show and what passed for baked manicotti in the cafeteria. He spent several years singing badly for a rock cover band called Crossfire. His favorite teachers were usually those he annoyed the most, including Father Hughes, Mr. Geary, Mr. Herlihy, and (oddly, since he despised Math) Mrs. Knapp and Mrs. Connearney (both of whom were also, not coincidentally, easily diverted from class work). Go Mustangs!

While slightly entertaining there is a definite lack of anything worthwhile. As a big Buffy fan I was drawn to the idea of a fun yearbook layout going over the happenings at Sunnydale High. What I got was a very loosely based, poorly constructed "yearbook layout". Some of the pictures were nice, but then they tended to be repeated multiple times throughout. One picture I noticed was even repeated

as a more closeup version that seemed to be out of focus with the size increase (really?). Was it impossible to find more than a few dozen pictures? The different clubs and activities could have been more tied in with the actual show, instead they were made up random blurbs that I didn't find entirely amusing. For the most part it was a lot of names you've never heard and generic, non-related information. The only slightly redeeming quality the book held were the inscriptions throughout. Those were fun to read, and a nice way to tie in the characters in a more personal way. However, there couldn't be enough to salvage the product. I'd only recommend it if you're a hardcore collector that likes the idea of having a Sunnydale "yearbook" because it truly is laid out like a yearbook and one could imagine they would have received it after attending the school. It is not however anything new or too exciting that I'd suggest you waste your time and money if expecting to find something interesting or informative.

Just arrived me this goody Yesterday and I must say wow finally! If you are a hard Buffy fan just like me buy it, its a must-have! it's empty of Buffy photos of the Graduation, the mayer, Snyder and obviously the Scoobies. It is done really well in fact after this Yearbook I would like to buy the "original yearbook" not the one used in the series but the other one, so if I can I will buy it. This book has 32 pages of full color photos and it also has black and white pictures for pictures classic lovers. You can also read what the Sunnydale high school students Angel and the Scoobies wrote about Buffy, then at the end of everything the book reminds of all killed or missed students. This Yearbook will make history :)

As a fan of the show this is a treat. IT IS NOT A YEARBOOK PARODY. It is a tribute to the honesty and validity of the depiction of the high school experience, and for those of us who "went to Sunnydale High" its nostalgia rings true, while bringing on the laughs. The authors seem to have legitimate "Yearbook Staff" experience as this volume is spot-on in its imagery, text and layout. Although it is in Trade Paperback form, the volume is well-printed and securely bound, and I am certain it will survive moderately heavy perusal. I'm 100% happy I bought it and would eagerly purchase more from these authors and this merchant.

This is a must-have for any Buffy fan! Great pictures and funny little notes that superfans of the show will love! The neat thing in my opinion is all of the characters that signed the yearbook and what they said to Buffy. All in all I'm extremely satisfied with this item. Makes my BTVS collection that much cooler!

I love it came just as described.

Good yearbook

This is a great yearbook for any Buffy the Vampire Slayer fan and it looks like a real high school yearbook as well as having people sign it.

Written like a true yearbook, this is very cool. Posts of it are a little pointless though, but this is a good thing to have for any collection. Just wish it's cover was actually the same as the one in the show!
