This item was purchased for my husband for his birthday. He was so excited to receive it. Although there are a lot of pictures in the cookbook, there are many recipes that my husband will enjoy while using his Turkey Fryer/Steamer. I did give it 4 stars for a lot of family pictures, as that space could be used for more recipes.

This book has recipes for smoking, grilling, frying, boiling and steaming using Masterbuilt cookware. It's not just about smoking, or grilling, or frying, etc. It's some of each. The recipes are good, the stories and pictures give it a down-home character.

Excellent, written, with a lot of good color pictures of completed dishes. John gives good solid cooking instructions and advice. Great Southern recipes and cooking suggestions are included in the book.

I knew it would have family history in it. That seems to be the trend for cookbooks these days. Didn't

think it would be that much history. Would have appreciated more smoking recipes.

This book had some great recipes. My husband ordered it and has made several recipes out of it. Easy to follow and not too complicated.

I was a bit disappointed at the paucity of boiled/steamed recipes and the addition of smoked recipes that have no relationship to the actual product purchased (the Turkey Fryer). But overall, the recipes provide good guidance and the book is great for a new owner of an indoor appliance that has to be handled with care.

Having a great time using all the great recipes.

Good recipes but wish there would have been more. Really wasn't interested in the smoker recipes as I do not have the smoker.
