Haunted Waverly Hills (Ghostly World Kids)

Synopsis

Imagine what it would be like to be sick, taken away from your home and forced into isolation from everyone one and everything that you have ever known or loved. You are so sick that your odds of survival are very slim; if the illness doesn't kill you, the treatment probably will. That's the true story of the thousands of patients that were treated at Waverly Hills Sanatorium, as well as the unfortunate doctors and nurses who contracted the debilitating illness.

Customer Reviews

It was a great read. Would love to read more about Waverly Hills, I hope to read future books on this and other scary, haunted places....

Provides basic information regarding the history of Waverly Hills.

Even though it only cost 99 cents it wasn't worth it. I learned more about waverly hills from watching

ghost adventures which was a horribly fake show.
