The I Ching: The Book Of Answers New Revised Edition

Synopsis

This revised and expanded edition of Wu Wei's well-loved version of the I Ching is unparalleled in its clarity, making this the easiest-to-grasp I Ching ever published. The I Ching is a book of answers that miraculously guides us to success in every possible situation. Yet, if we are to rely with absolute certainty on the I Ching for guidance to our most vital questions, we need answers that are clear and straightforward, leaving no room for confusion or misunderstanding. Wu Wei has guided thousands of people in the use of this great book and knows precisely what you need so you can put your trust in its prophetic guidance. Wu Wei's insightful interpretations of the I Ching's sixty-four hexagrams provide perfectly clear, unambiguous direction while remaining completely true to the ancient writings. You will know exactly what action to take to avoid misfortune and achieve success. The I Ching: The Book of Answers contains everything you need to know about the I Ching and how to use it.

Customer Reviews

"I have a friend who lived in a cabin by himself for two years and memorized the I Ching. He revered its wisdom that much. You can save yourself the trouble of memorizing, though, by picking up a copy of this newly revised and expanded edition of Wu Wei's version of this timeless classic. Its introduction beautifully explains the philosophical explanation of why this divination system works so well. Additional chapters give its history as well as a pronunciation guide. The meaning of each of the kua, the symbolic configurations, is explained clearly and beautifully. This is a lovely book to

have on your shelf and to use whenever you have questions about the mysterious unfolding events in your universe." --Magical Blend magazine "Wu Wei's revised edition of the I Ching is a beautiful and clear adaptation of the ancient text for the modern user. His explanations are clear and easy to understand and his language and the answers and cautions given in the various kua are both profound and relevant. The I Ching is a universal wisdom that stands the test of time, and Wu Wei's adaptation is germane to the modern reader."

His explanations are clear and easy to understand and his language and the answers and cautions given in the various kua are both profound and relevant. The I Ching is a universal wisdom that stands the test of time, and Wu Wei's adaptation is germane to the modern reader."

My practice for the past several years has been to consult the I Ching only when an important decision or problem has been weighing heavily on my mind for a day or so and I'm just not sure what to do. I'll go to the I Ching with a situation like this maybe 3 or 4 times a year. I believe this is a respectable way to use the oracle, and it has been very effective for me. To date, every answer that I have received has been uncannily specific to my question and has shown to be absolutely correct in judgment. It's a little scary to me when I see how well it works...it surprises me every time I do it. I use the yarrow stick method, using sticks that I fashioned from bamboo skewers and keep in a nice wooden "pick up sticks" box, but in a pinch I have used other things like a computer program or even coffee stirrers (if I am at work and can't wait to get home!) I know there are statistical limitations with the yarrow stick method, but I like it because it allows me to focus my thoughts for a longer period of time as I perform the divination. Many years ago when I first learned about the I Ching, I used the Wilhelm interpretation, which always seemed to leave me with more questions and more confusion than I had before I started. I was never sure if I was interpreting it correctly and I was always afraid that my interpretations might be biased by my inner personal desires. Because of that uncertainty, I ended my experimentation with the I Ching until I found the Wu Wei version many years later. I suspect that some "purists" will scoff at the Wu Wei text. I know that the author "Wu Wei" is none other than Chris Prentiss, author of "The Alcohol and Addiction Cure" and other self-help books as well as being the CEO of "Passages" addiction treatment centers. I will admit that the "Wu Wei" pen name troubles me, but putting that aside, I find his version to be so easy to interpret and so meaningful and helpful in my practice that I am willing to set aside any concerns about how or why Chris Prentiss put together this interpretation and just take it at face value. All I

know is that it works for me and I will continue to use it as long as it does. I am open to working with other interpretations, but right now I just don't have a lot of time to devote to studying them. My two cents: if you are an I Ching newbie, and are having trouble interpreting the trigrams you might want to give this version a try. BTW I am not affiliated with Chris Prentiss in any way, and I've actually been careful -not- to research him because I don't want to associate him with the text at all and I especially do not want to form any negative connotations that will ruin its effectiveness for me.

This is an excellent version. It is clearly understood and contains a section about the superior man at the back. Highly recommended. Life changing if you are ready.

I love all of the Wu Wei books no matter what people say about Chris Prentiss, I hope he writes more!

I have had other translations of the I Ching, going back to my hippie days (now 35+ years ago). I never "got" it before. The instructions and overview sections are crystal-clear. I bought the yarrow stalks as recommended (it's slightly cheaper to buy the book + yarrow stalks separately than to buy the "gift" set). I used the yarrow stalk method as instructed. I have asked 2 questions so far, and I have to say the correspondance between the "answers" and my questions and subsequent actions is 100%. I will continue to consult it. I am thankful to Wu Wei (Chris Prentiss who also does praiseworthy work with addiction) for his efforts here. I guess his son Pax helped with the translations too, so I am thankful to him as well.

interpretation instead of translation

Relevant and helpful information for I Ching readings.

best I ching

This book explains how to use the I Ching. It helps to know a little bit first, but the directions are clear.
