Maker Literacy: A New Approach To Literacy Programming For Libraries

Synopsis

This book takes the creativity and inventiveness of the maker movement and applies that energy in a new way to help children learn across all subject areas as well as broaden their world view.â ¢ Addresses the avid interests of youth in technologyâ ¢ Provides librarians with a practical resource for incorporating tech literacy into storytime and other youth programsâ ¢ Gives librarians a programming tool to use with makerspaces that can be used to integrate them with all areas of learning
