Fate Heals (Twist Of Fate Book 2)

Synopsis

Fate has forced me down a twisted path. When I think it can't get any worse, it reminds me that it can, pushing me into a thick, thorny maze and leaves deep, irrevocable scars. My will to fight has taken hit after hit, that burnt-out fire leaving only embers to scorch those closest to me. My fears and demons rage inside me, destroying everything – including the man who loves me more than anything. A hidden surprise and new danger brings Aiden back into my life, and he's just as cocky and gorgeous as when we first met. My body jolts back to life the second we lock eyes, but I'm not ready for those sparks to fly. Can we put aside our feelings and work together to find a killer before it's too late? Will Fate allow me enough time to heal and glue back the pieces of my life before it decides I need more excitement? No matter what it throws my way, I'll survive. Right?

The second book in the Twist of Fate series does not disappoint. After being rescued, we watch as

Addison struggles to put her life back together, as Aiden struggles without her. When a twist of Fate throws them back together, we sit on the edge of our seats as they finally find their way back to each other. It is filled with heartbreak and healing, and just when you thought that everything would end well, a major wrench is thrown in their lives!! I can not wait for book 3!!!!

Just when I thought the first book couldn't be beat, the second book just threw me into a whirlwind! You will be saying "just one more chapter before bed", and guess what, the next thing you know, it's 2 in the morning and you still can't put it down. This book will have you laughing and crying and thinking what else can possibly happen to Addison and Aiden? Haven't they been through enough? If these two can make it through the first two books, they can make it through anything! I am dying for the 3rd book and NEED IT NOW! Oh, and can I get an Aiden in real life?! I mean really, can he be any hotter?

Wow. I was so anxious to read this book and was NOT disappointed! It's so amazing I couldn't put it down. The author sucks me into these characters lives and I can't help but feel every emotion that they feel. Not every author can do that for me but this one can. Now I just have to try to wait patiently for the last book in the trilogy (which isn't going to be easy)!

OMG! What a cliff hanger, The second book Fate Heals was even better than the first which I thought would be hard to do. The stories you write are so full of every emotion and unpredictable. It is hard to put your books down, hurry and finish the third book. You are a awesome author and keep the books coming. You need to do a book signing in the Dallas area after you finish the third book so, I can get all of them signed by you. I have them on kindle but, I want the books too! Thanks for taking us on this exciting journey.

This is such a good series. I love the characters, storyline and the banter. I cannot wait till the next book. I definitely recommend this series

Looking forward to the third book. It was hard to put down... a real page turner! If you're looking for a good love story with some twists, this is the book for you.

The second book is better than the first! I could not put this one down either. Can't wait for Book 3! Tina Saxon knows how to keep a reader on their toes and wanting more. Great job!

Awesome Book!! Trying to catch up on my sleep now from staying up late at night reading. You just can't put it down...waiting for book 3 now!!
