Perfect Fit

Synopsis

Her shoe's not the only thing that's a perfect fit. A Prince Charming doesn't get stood up for his wedding. Yet here I am, without a bride and stripped of my crown unless I can snag a stand-in. Easy, right? Not when I find the perfect pretend princess who insists on putting up a fight. She's dressed in disguise and I don't know her name but her captivating curves leave me spellbound and her seductive smile enchants me. She's way younger than me, and hasn't had her first magical, explosive... experience. Yet. Then she runs out of my life just as quickly as she ran into it, leaving only a shoe. I'm on a royal mission to find the girl it fits so I can slip it in snugly, and we can create the kind of happy endings that dirty fairy tales are made of. Perfect Fit is a Modern Day Retold Cinderella Fairy Tale with a Fake Royal Marriage Twist. It is steamy and fun and features a hot alpha male prince and his feisty, curvy pretend princess with whom he finds a very happily ever after, of course. It's a standalone with no cliffhangers and no cheating.

Customer Reviews

This is a modern retelling of Cinderella, my favorite fairy tale. Ella is basically Cinderella. When she loses her mother, her father ends up remarrying someone who becomes her evil step-mother. She gains an evil step-sister who ends up stealing her boyfriend. and wants to take everything from her life. When her father dies, she is left with only her evil step-mother and step-sister who live to torture her. Of course, there is a ball that occurs because the Prince of Ambrosia's fiance is from Denver. For Prince Gregory, things fall through and he loses his original fake fiance. Because of this, he meets Ella and proposes a fake marriage with her. But when he can't find her again, he has no choice but to find her back with her shoe. Wow, this really sounds like Cinderella. What unnerves me was how great it was! Julianna Conners did a great job making me hate Ella's step-mother and step-sister. Just like in Cinderella, you root for Ella and Gregory. I love how this version with how dirty it can get. This definitely not a children's version of Cinderella. This was definitely a fun read!!!! I voluntarily read an advance reader copy of this book.

This book is just awful. It's a cute idea, but it's executed very very poorly. Honestly, it reads as if it was written by someone in junior high school! The characters are immature, shallow and frankly kind of stupid. The editing is REALLY terrible, so many errors that it's nearly unreadable. The plot isn't well thought out, there are contradictions, unexplained events, and the author's idea of what is cute and/or cool is juvenile at best. I got this book for free, so glad I didn't pay for it! I couldn't read past the first couple chapters. What a waste of time.

I love this version of Cinderella. It's steamy and has a great story plot. The way she wrote it is amazing. They have instant chemistry. A must read!! I volunteered to review a copy of this book.

Julianna Conners does it again with this steamy version of Cinderella. Gregory and Ella's story hooks you from the start, and keeps you glued to the pages until you're done.

A really great read, I enjoyed reading Ella and Gregory's story. They make a wonderful couple despite their different backgrounds. Recommend reading

This was a great dirty twist to Cinderella story. It is well written and I couldn't help but laugh out loud at some parts.

I loved this retelling of Cinderella. Julianna's writing is brilliant and funny I can't wait for more. Keep

up the great stories

Very poorly written. Seriously, state of Denver. I just don't have words to describe how bad this book is. Very sophomoric.
