Customer Reviews

I'm enjoying the Michelin Green Guide Quebec very much! I have learned so much history about our neighbors to the north. I like the way that the book is laid out; so clear, so precise. I can't imagine needing anything else; in my preparation to visit Quebec, and Montreal in particular. I am most interested in visiting the area of the Laurentides, north of Montreal.

not as extensive as i wanted

Excellent, as usual. Michelin Guides never disappoint.

Wonderfull, everything I needed.

Very helpful.

Very reliable guide. Has everything from museums to local out of the way pastry shops. Offers great suggestions of tours and walks and gives all the internet links you need to book things ahead of time and get reliable prices.

It's good if you have bucks and time to spend

This guide is full of useful information, historical facts and figures, however I wish it was better organized. It is extremely well-written guide, nonetheless.
